

Through funding by the Mass Humanities Grant, Girls Inc. Presents:
Mill Girls of Lowell Photovoice Project

Through funding provided by the Mass Humanities Grant, Girls Inc. is pleased to be able to implement the *Mill Girls of Lowell Photovoice Project*. The Photovoice program puts cameras in the hands of girls 10 and older and enables them to write narratives about their communities. The focus of their work was “The history of Lowell Mill girls, then and now.” Since the majority of the girls that attend our programs have grown up in and around Lowell, we educated them on how the Mill girls lived and how theoretically this has impacted the quality of their lives today, all while learning about a very important part of Lowell history.

You're Invited!

LTC- Lowell Telecommunications Inc.
246 Market Street, 2nd floor hall space

Opening Reception: Monday, August 24th, 3-6 p.m. *light refreshments*
